Air Tools & Accessories

3/8" - 50 FT Hybrid PVC Rubber Air Hose

Model: PCA 50 HOS

1 Year Limited Warranty

Specifications

Size:	3/8"
Diameter:	50 ft
Operating Pressure:	300 PSI max.

Includes:

- PVC/Rubber hybrid air hose with brass fittings
- 1/4 NPT brass (1) quick coupler and (1) quick plug preassembled

Feature and Benefits

• Ideal for HVLP paint sprayers, and pneumatic automotive tools such as impact wrenches, ratchet wrenches, air drills, and die grinders.

• 3/8" x 50' blended PVC and rubber air hose is lightweight without sacrificing strength and flexibility.

• Ideal for HVLP paint sprayers, and pneumatic automotive tools such as impact wrenches, ratchet wrenches, air drills, and die grinders.

• 1/4" NPT industrial fitting and universal coupler are made of durable solid brass.

• Pneumatic hose delivers up to 300 PSI for maximum working pressure.

• Kink resistance hose and bend resistors at each end increase durability.

• All weather flexibility lets you work anywhere from -40 °F to 164 °F.

• High performing both indoor and outdoor applications.

• Rubber coating protects against abrasive surfaces, chemicals, electricity, and oil.
